HAI Celebrates 17 Years of Success by Acknowledging its 2002 Five-Star Dealers

NEW ORLEANS (March 8, 2002) -- HAI, the leading manufacturer of integrated automation and security products since 1985, announced the winners of its Five-Star Dealer program for 2002 on March 8th at the EH Expo in Orlando, FL. The announcement was made in conjunction with HAI's 17-year anniversary.

The annual Five Star Dealer program was initiated last year by HAI to recognize and reward outstanding HAI dealers. "We're honored to celebrate our anniversary by publicly acknowledging and thanking some of the dealers responsible for our success and longevity", explained HAI President, Jay McLellan.

Winners were selected based on various criteria, including the number of years the Dealer has been installing HAI products, number of systems installed in the year 2001, and unique marketing or programming solutions that involved an HAI product.

The companies named as 2002 HAI Five-Star Dealers are:
